Karl Guenther, CEO
Sky Train Corporation
2599 Dolly Bay Drive, Ste T308
Palm Harbor, Florida 34684

Dear Karl,

Just talked to Dr. Chatziioanou from Cal Poly. I told him of your desire to include your undercath switching technology into our feasibility study.

The best way to contact him is by e-mail (which I have included). He will be expecting your communication.

Please discuss your technology directly with Dr. Chatziioanou and indicate why it would be relevant to our study. Once you and he have had your discussions, please contact me.

As I mentioned before, we still need to raise the money for this study. If the study will be beneficial for you, it would be nice if you could help us with funding on your end. So far we have raised about \$10,000 of the \$50,000 we need.

Sincerely,

Deryl Bear
Chairman
