

MOSI

Museum of Science & Industry

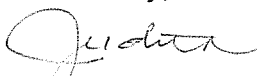

January 3, 2008

Karl W. Guenther, CEO
Sky Train Corporation
2599 Dolly Bay Drive
Suite T308
Palm Harbor, Florida

Dear Karl:

We wish you well in your application for your documentary highlighting the innovative fuel cell. MOSI is willing to create an area that can be used to show the documentary and highlight the cell. As Florida's most visited museum, and a science and technology museum, this type of innovation supports our educational mission. Sky Train has been a long time partner with MOSI and we are always interested in innovative technologies.

Sincerely,

Judith Lombana Ed.D.
Vice President of Research
